The Weather.

BOSTON, May 19.—Fair tonight and
Friday; warmer; southerly winds.

News From Camp Olympia.

There were a large number of visit-
ors here from the Granite city yester-
day and you may be sure we were glad
to see them. Anything that reminds us
of home meets with great rejoicing
from the boys.

The Burlington company and the of-
ficers of the regiment went to Burling-
ton last night where they had an elab-
orate banquet at the Van Ness House,
given by ex-Governor Woodbury, whose
son is a lieutenant in Company M.

The officers need not think they are
"so warm." While they were gone
last night to participate in the festivities
of the Queen city we were enjoying
ourselves here at camp listening to a
concert given by Sherman's Military
band, which came up for the occasion
to keep us from being lonesome while
the powers were absent.

It is understood that we have had
orders to move today, but the cars have
not arrived and it is said they will not
be here for several days. We will
have 12 hours to get ready after the
cars arrive, so we are apt to be with
you some time yet. The hardest thing
for us to bear thus far has been the
continued suspense as to when we are
going. We trust that this will be over
soon.

The boys are all well and some of
them will probably visit home today.

MONTPELIER WON.

DEFEATED THE LOCAL TEAM AT
SHOOTING, 412 TO 384.

The Recreation gun club of this city
suffered defeat at the hands of the mem-
bers of the Montpelier gun club at
prize shooting yesterday afternoon in
Capitol city. It was the annual shoot
for the state championship badge, which
was held by Montpelier and is still re-
tained by them.

The local team went to Montpelier
with the determination to win or die,
but they played in hard luck. The total
number of points were Montpelier,
412; Barre, 384. B. A. Eastman had a
hard cold and was in no form for such
a contest. Captain W. H. Eastman, the
other day, broke the record at the local
range by shooting 25 clay pigeons out of
a possible 25, from a trap, and al-
though he led the local team in the
number of points, he was not up to his
usual form. L. J. Griffin, who holds
the individual state championship, was
away below his average, and the other
members of the team were in proportion.

The Montpelier members were up to
the mark and won the contest on their
merits.

The contest was for 100 birds, 50 at
known angles and 50 at unknown an-
gles. Following is the number of
points each person won out of a possi-
ble 100.

SIX BOYS ARRESTED.

Six boys were arrested yesterday
afternoon by Sheriff French charged
with throwing stones at H. P. Meaker,
a policeman employed by Hopkins &
Huntington. The boys were Fred
Comelli, Frank Joss, George Brown,
Willie King, Dan Keith and Eli Bar-
tram.

It seems that yesterday as these six boys
were on their way to dinner, they got into
a fight among themselves. Meaker
testified that he was eating his dinner
in the shed when he noticed the boys
fighting, and picking up a piece of board
went toward them and told them to go
home, but did not hit them. He al-
leges the boys stoned him and it was
very evident that he had been hit with
a stone, as he had a cut over the left eye
one inch long.

The boys testified that Meaker hit
them with a stick. They also said that
he reached for a stone but before he
picked it up a stone struck him over the
eye and another in the back of the neck.
The case is being tried before a jury
today. H. W. Scott appeared for Bar-
tram. It is alleged that Bartram is
the boy who hit Meaker.

SUMMER COTTAGES BURNED.

A. D. Morse and E. L. Smith each re-
ceived a telegram this morning stating
that their summer cottages at Old Or-
chard Beach, Me., caught fire last even-
ing. Mr. Morse's telegram only stated
that the house was damaged by fire last
evening. No particulars as to the cause
or extent of the fire were given. Mr.
Morse left this noon for Old Orchard
Beach. The house was a two-story
structure and was situated close to the
water's edge.

Mr. Smith's telegram stated that the
house was totally destroyed by fire last
evening. It was a two-story building
and was next to Mr. Morse's cottage.
Mrs. Smith stated this afternoon that
if the house was totally destroyed the loss
would reach at least \$3000. Mr. Smith
is in Burlington today.

Both cottages were built in 1896 and
were well furnished.

TERRIBLE MASSACRE.

England's Bereavement.

LONDON, May 19.—Public opinion is
profoundly stirred up over the death of
England's grand old man, William E.
Gladstone. John Redmond says the
loss to England is absolutely incalcu-
lable. The deepest manifestations of
grief are shown throughout the country.
Flags are at half mast, bells are tolling,
shades are drawn and pictures of Glad-
stone are draped in mourning. The
Queen and the Prince of Wales have
sent their condolences to the family,
also Ambassador Hay, President Faure,
and many others, have sent their con-
dolences.

The scene at his deathbed was almost
peaceful imaginable. Mrs. Gladstone
held his hand, the nurse had just bathed
his forehead, and the dying lips mur-
mured "how nice." The son was pray-
ing at the bedside when there was a
gentle almost perceptible cessation of
life in the midst of the prayer and all
was over with the greatest and grand-
est man of the age and one of the great-
est that the world ever knew.

The House of Commons adjourned
today out of respect to the departed on
motion of Mr. Balfour, the government
leader. Tomorrow Mr. Balfour will
address the Queen and request a public
funeral, and also a monument to be
erected at Westminster.

More of Polo's Work.

LONDON, May 19.—A despatch to the
Star from Montreal says that Senor Polo
has secured by cable a coal depot near
St. Pierre, Miquelon, a French colony
on the South coast of Newfoundland at
which the Cadiz fleet will obtain their
coal previous to attacking the cities
along the Atlantic seaboard while the
Cape Verde Squadron will devote their
skill to drawing off the squadrons of
Sampson and Schley.

The Gold Seekers.

SAN FRANCISCO, May 19.—The bark

and Alaska Transportation company, ar-
rived at Dutch Island, May 8, with a
party of prospectors from Boston, New
York, Springfield and other Eastern
cities.

Great Tornado.*

DULUTH, Minn., May 19.—A great
tornado struck the village yesterday
practically wiping out the place. Three
are known to have been killed and hun-
dreds were injured.

Santiago Bombarded.

MANILA, May 19.—A despatch from
Havana says that Santiago De Cuba has
been bombarded but that no great dam-
age was done.

Spanish Bombardment.

VANCOUVER, B. C., May 19.—It ap-
pears from information brought from
the Empress of India that the Spaniards
did a little bombarding on their own
account at the Philippines about a fort-
night before Dewey silenced the fleet of
Montejo. About the middle of April
the Spanish warships went down to
Cebu and bombarded the city. They
met with no opposition on landing, as
the rebels had absconded before a shot
was fired, taking with them \$200,000 in
cash. 30 natives were killed in the
bombardment. No European casualties
were reported. The massacre of the
rebels also preceded Dewey's arrival.
The civil guard surprised a meeting of
the insurgents in Calle De Comda and
fired on them. Seven natives were
killed and 70 rebels were captured and
shot without loss of time. Hundreds of
rebels escaped into the country. The
Spanish troops subdued the uprisings in
Bohio and Scambalos, but they killed
1000 Indians and hundreds of wo-
men and children, making one of the
most extensive and cruel massacres
known in the history of modern warfare.

SAN FRANCISCO, May 19.—On ac-
count of a trivial accident to its en-
gines the Charleston has put back to
Marine Island for repairs.

Spy in Camp Dewey.

SOUTH FRAMINGHAM, May 19.—Camp
Dewey was greatly excited this forenoon
when it was learned that Private Tracy
Company H 9th reg. who was on guard
at the Arsenal last night was overpow-
ered by a stranger who appeared and
suddenly seized him before he could
raise his gun. Tracy called for help
and the man fled. Later the same man
appeared again but was seen and pur-
sued he eluded the soldiers.

The motive for the attack upon the
guard is unknown but grave suspicions
are held that it was the arsenal sentry
who was the victim. Col. Bogan has
ordered the guard at the arsenal to be
doubled and given ball cartridges.

Tracy says the man was dark and of
medium height. The stranger made a
vigorous fight until he saw the soldiers
coming.

Protecting Powder Work.

NEW YORK, May 19.—The United
States powder works at Dover, N. J.,
are now protected by troops. 400 men
from the Second Pennsylvania infantry
arrived last night for guard duty.

Supplies for Spanish Fleet.

NEW YORK, May 19.—A copyright
special to the World from Colon Colum-
bia says that the French steamer F. De
Lessups sailed yesterday loaded with
arms and ammunition for the Spanish
fleet.

"Fur because he needs the oliss wuss
than any man in the race."
"Hain't crippled, is he?"

"Hain't been sick so he couldn't
wreck ner nuthin, haz he?"
"No, but he is jest out ov the chain
gang, whar he haz been for six months,
an hain't had a chance to make nairy
cent. He's the man that rally needs
the oliss, fellers."—Atlanta Journal.

Spanish Real Estate.

It is Mark Twain who observes, in
one of his sketches of travel in foreign
parts, that the reason there is compara-
tively little arable land in Spain is be-
cause the great majority of the Spanish
people are in the habit of squandering
it on their persons, and when they die
it is buried with them.—Boston Herald.
